

# Quality Policy Statement

Aarsleff Ground Engineering Ltd is committed to delivering high levels of Quality and to maintaining an organisation with trained and competent personnel working in a good and safe working environment. It is our policy to maintain an Integrated Management System which meets the requirements of ISO9001:2015 as a normal part of our business activity, in order to fully and consistently meet the agreed contractual requirements of our clients, and thus achieve and maintain a reputation for excellence. To implement this policy, the company has established our Integrated Management System which will ensure that all requirements for Quality are adequately achieved and fully documented.

Our management have committed to the following:

- To continually improve the Integrated Management System.
- To conduct our work in line with our core values in order to meet and satisfy our customers, and other applicable specified requirements; To work efficiently and deliver on time.
- To increase our market share and profitability.
- To maintain certification to EN12794:2005 enabling UKCA marking of manufactured piles.

The Directors and Senior Managers fully understand and endorse this policy, including the importance of continual review and improvement of all aspects of the business, thus achieving a reputation for excellence.

The contents of this policy and all revisions which may be made will be brought to the notice of all employees.

This policy will form part of the Integrated Management System and be formally reviewed annually by Senior Management.

Signed on behalf of the Board of Directors :
